

1) Written Apti Test

2) Technical Interview cum HR Interview

1. Written Apti Test (Meritrac): 55 questions to be answered within one Hour & an essay to be written within 15 mins.(essay topic is given at last 5 minutes.ours was “engineers should not accept jobs outside the country.”(Write in legible, good, No!!! in best handwriting as it is seen at the time of interview. They may ask u questions on that also as I mentioned @ Swadesh movie I was asked @ that.))

Section 1:English aptitude

Synonyms lady was so seluete ,so everyone was praising her . ans : flexible

Then the long passage and on that 5 qs. leave it .Do at last as u will have much amount of time.

Section 2: Quantitative aptitude(go with examples like bouquet of 200 roses 5 red 2 yellow ,5 red &green like that plz as 5 qs on that I was unable to ans them.)

Section 4: Computer section

qs from Unix(some commands given what will be the output?) & for technical DBMS(tables given & ans regarding keys),what is Normalization? ,sorting complexities worst case which will perform best? Etc.

For quantitative aptitude & analytical ability I will suggest to solve RS AGGARWAL (both) specially Venn dia, mathematical operations, puzzle test, data sufficiency, binary conversion, direction test(south north east do sense : In south turn towards right is towards east do it cool ly.),time distance speed, profit loss, percentage problems.

Age problem like veena younger than 3 years seema who is 4 ys lder than reshma....finally who is older amongst all like 3 qs?

Sorry guys I cant provide u the details of written paper as I was then busy in solving them. But truly speaking it was easiest test I had given ever. Ya Believe me I am also avg case student like u all as my overall % up to 5th sem are 65.36. Ya now u can believe me.

Initially on the ans sheet of essay they have mentioned that they are going to conduct GD of short listed candidates but at last they haven't , But remember guys they have just started the GD tradition in on campus interview processes.

2) Technical Interview cum Personal Interview

I would like to express my interview experience as I think it maybe useful to them who have the same dream to be an IBM'er just I had.

I: may I come in sir? He: no (amazed !!!!) then come in yaar. (so friendly)

He: have a seat plz .tell me @ u and then @ project. (answered well ...like the river. Plz in project explanation draw some figures tables for the sake of his understanding he is just checking ur communication. Skills. (If u r convent student plz drop this instruction)

(I am now going to provide u best of all idea to improve the English. first buy CHAOS dictionary of Marathi to English I m not selling or advertising anything (for the sake of my security) just mentioning the thing which I had done so now take the Marathi news paper or any book u like most and daily u have to translate the 10 lines of Marathi to English. Don't think about the tenses. Just go on improving ur vocabulary. My experience tells that within 5 days u will have confidence in doing all things . Hoping that u will do it sincerely.))

Then a complicated pgm given to solve i tried it ,don't give up so early at least try something who knows ur luck supports u at that time and u will be able to solve it.

Asked @ family.

Why should IBM hire u?

Ans: Because of my abilities like creativeness and innovativeness, learnability, flexibility,.....xplain with eg.

How many files created after successful execution of pgm?

Good!!!! Strengths ?

Like river I answered (he got impressed)

Ibm: why we use main? Why not multiple mains? If main is not declared what will happen?

Me: compiler will raise an error message.

Ibm: what kind of error message?

Me: I don't know exactly but I think it will say main function not defined/found.

Then he open up with real weapons and given me 10 problems list to solve within time limit of 5 minutes. Was easy but tricky I solved luckily just to give o/p of pgm (test ur c skills helped here).

IBM: Favorite sub?
